

Texas Division of Emergency Management State Situation Report

New Information in Blue Text

Event Name	23-0017 15Jun Severe Weather
Date	June 25, 2023
Time	10:00 AM
Operational Period	8:00 AM June 24 to 8:00 AM June 25, 2023
Report Number	10

Regions Affected	
TDEM Regions Affected	1 & 5
DCs Active	1, 4B, 5, 6, 22

STATEWIDE CURRENT SITUATION: On June 23, Governor Abbott updated the state's disaster declaration to include additional Texas communities impacted by damage to homes and businesses caused by severe weather. This disaster declaration will continue to support response and recovery efforts by local and state officials in 23 Texas counties, including two added on June 23: Montgomery and Leon counties.

In response to a severe weather pattern that began in late May and has brought heavy rainfall, flash flooding, damaging wind, large hail, and tornadoes to communities across the state, the Texas State Operations Center remains at Level II (Escalated Response) at the Governor's direction to support requests for assistance from local officials.

Flooding began to impact counties in the Texas Panhandle, High Plains, and South Plains on May 27, causing widespread damage throughout the region. Governor Abbott issued a disaster declaration to address the impacts of flood damage to homes, businesses, and the agriculture industry. The Governor also directed TDEM to deploy the following state emergency response resources to support flood response operations:

- **Texas A&M Engineering Extension Service (Texas A&M Task Force 1):** 2 Swiftwater Boat Squads.
- **Texas A&M Forest Service:** 2 Texas Intrastate Fire Mutual Aid System Strike Teams comprised of High-Profile Vehicles and 2 Boat Teams.

- **Texas Department of Transportation:** Personnel to assist with traffic control and road closures.
- **Texas Parks and Wildlife:** Game Wardens and Boat Squads.
- **Texas Department of Public Safety:** Helicopters with hoist capability.
- **Texas A&M Engineering Extension Service (Public Works Response Team):** Personnel to support flood pump operations.
- **Texas National Guard:** 2 Ground Transportation Platoons with High Profile Vehicles.
- **Texas Commission on Environmental Quality:** Air/water/wastewater monitoring.
- **Texas Animal Health Commission:** Personnel to provide livestock support.

This weather pattern continued to impact the state, as severe thunderstorms brought large hail, damaging wind, and tornadoes to multiple Texas communities over the past few weeks. Governor Abbott directed TDEM to deploy state emergency response assets to the town of Perryton immediately following a devastating tornado in Northwest Texas. Additionally, the Governor issued a state disaster declaration for communities in Northwest and Northeast Texas impacted by damaging winds and severe storms that caused significant damage to electricity infrastructure. On Saturday, following severe storms and tornadoes in Ochiltree and Cass counties, Governor Abbott held a briefing with state and local officials in Perryton where he provided an update on the state's ongoing response and recovery efforts.

On Sunday, the Governor provided an update on the state's ongoing response to severe storms. Governor Abbott updated the state's disaster declaration on Monday to add East Texas communities that suffered severe weather impacts and significant damage to electric infrastructure across the region, as local electric providers worked around the clock to restore power. Additional assets were deployed on Wednesday, and additional counties were added to the disaster declaration as impacts of the severe weather continued. Following severe storms and tornadoes causing damage to Matador and counties in the South Plains and Big Country regions, the Governor directed TDEM to mobilize additional response and recovery resources, and he added six Texas counties to the disaster declaration yesterday.

The following state resources remain engaged to support severe weather response and recovery operations across the state:

- **Texas Department of Transportation:** Personnel and heavy equipment for roadway debris clearing, traffic control, and sign and signal repairs.

- **Texas A&M Engineering Extension Service (Texas A&M Public Works Response Team):** Personnel and equipment to support utility, water, and wastewater treatment needs, support electricity infrastructure repair efforts, and operate the state resource staging area in Perryton.
- **Texas A&M Forest Service:** Texas Intrastate Fire Mutual Aid System Strike Teams, tactical water tenders, Incident Management Teams to support local firefighting capability and points of distribution and Saw Crews.
- **Texas Division of Emergency Management:** Emergency management personnel to support local emergency operations centers, food storage and hot meal distribution, and to coordinate the establishment of Points of Distribution (PODs) across the impacted counties for members of the community to pick up water, ice, and Meals Ready to Eat (MREs); Operations Technology personnel to support resource needs; Response and Recovery personnel to conduct damage assessments and coordinate requests for assistance; activated state disaster contracts for emergency resource transportation and fuel for generators; coordination of cellular connectivity for first responder communications; State Mass Care Coordination; base camp operations to house responding crews; and a resource staging area to support impacted jurisdictions.
- **Texas Department of State Health Services (Texas Emergency Medical Task Force):** Mobile Medical Unit to support local hospital operations, Medical Incident Support Teams, ambulance buses, and ambulances supporting local hospitals, nursing homes, and emergency medical services.
- **Texas Health and Human Services Commission:** Utilizing contracts for local ice and water needs.
- **Texas A&M Engineering Extension Service (Texas A&M Task Force 2):** Search and Rescue Teams.
- **Texas Parks and Wildlife Department:** Game Wardens assisting with supply delivery and security in affected areas.
- **Texas Commission on Environmental Quality:** Personnel and equipment to assist with air/water/wastewater monitoring.
- **Texas A&M Agrilife Extension Service:** Disaster Assessment and Recovery Agents to assist with damage assessments and County Extension Agents supporting disaster needs assessments.
- **Public Utility Commission of Texas:** Working with utility providers to send additional crews to impacted areas to repair damaged electric infrastructure.

- **Texas Department of Public Safety:** Texas Highway Patrol providing security at points of distribution and Driver License Disaster Recovery Unit providing driver licenses at the Community Resource Center in Perryton.
- **Texas National Guard:** Personnel and high-profile vehicles for movement of emergency supplies and to support points of distribution and resource staging areas.
- **Texas A&M Veterinary Emergency Team:** Providing support to local veterinary services in impacted communities.
- **Texas Animal Health Commission:** Field personnel assisting with livestock hydration.

Last week, the Governor directed TDEM to request joint disaster damage assessments with the Federal Emergency Management Agency (FEMA) and the U.S. Small Business Administration (SBA) to determine the state's eligibility for federal disaster assistance for Texans whose properties were affected by flooding and severe weather. These damage assessments are in process and state personnel are working alongside federal and local response and recovery personnel to quickly determine whether these damages meet the federal threshold requirements for various forms of federal disaster assistance for impacted individuals and communities. Impacted Texans are encouraged to report storm damage using TDEM's Individual State of Texas Assessment Tool (iSTAT) self-reporting damage survey to assist emergency management officials identify resource needs and determine the state's eligibility for various forms of federal disaster assistance. The survey is available in English and Spanish online at damage.tdem.texas.gov.

Additionally, with another round of severe storms in the forecast for the northern part of the state today, Texans are encouraged to remain weather aware and monitor local weather reports.

Extreme heat remains an ongoing threat, and Texans are urged to implement measures to stay safe in triple-digit temperatures. A list of cooling centers opened by local officials is available at tdem.texas.gov/cool.

[Read the Governor's updated disaster declaration.](#)

OPERATIONAL PRIORITIES:

1. Protect life and property.
2. Support rapid & effective response.
3. Collect and disseminate accurate incident information to improve decision-making.
4. Accurately track incident costs associated with assigned resources for cost recovery.

Region 1 (Includes DDCs 4, 5, 6, and 22)

DDC 5 – Mt. Pleasant (Includes: Bowie, Cass, Delta, Franklin, Hopkins, Lamar, Morris, Red River, and Titus Counties) [Reduced their activation level to Level III on June 24.](#)

Cass County: TDEM has coordinated with local officials and Voluntary Organizations Active in Disasters (VOAD) to undertake disaster assessments of the damaged areas. A Point of Distribution (POD) has been established at the city of Hughes Springs City Hall. [The POD Site closed on June 24.](#)

Franklin County: POD location is being supported with local assistance and the Texas Military Department (TMD). [The POD Site closed on June 24.](#)

Hopkins County: Hopkins County submitted a disaster summary outline (DSO) on June 20.

Morris County: Morris County leadership continues assessing needs, currently working issues related to patrolling the POD site and the city of Lone Star area. There are three lift stations operating on generator power. A water line in Lone Star that had been previously repaired broke again, water had to be shut off and is currently being repaired.

Titus County: The Titus County Judge issued a disaster declaration on June 17.

DDC 6 – Tyler (Includes: Anderson, Camp, Cherokee, Gregg, Harrison, Henderson, Marion, Panola, Rains, Rusk, Smith, Upshur, Van Zandt, and Wood Counties) The DDC EOC is activated at Level III

Camp County: POD site: 313 Broach Street, Pittsburg, TX (Junior High Campus) Camp County submitted a Disaster Declaration Extension on June 23. [The POD site closed at 6:30 PM on June 24.](#)

Harrison County: [POD site: Waskom Fire Station-POD site closed on June 24.](#)

Marion County: [POD site closed on June 25.](#)

Panola County: [POD site: Community Four Fire Station - 254 CR 3151, DeBerry closed on June 24.](#) Panola County submitted an amended Disaster Declaration on June 23. Coordinating with the Texas Commission on Environmental Quality (TCEQ) to establish a debris burn site.

Rusk County: TAMFS Saw Team were requested to assist with debris clean up and clearing roads and utilities.

Smith County: The city of Winona has issued a Boil Water Notice due to not enough power at treatment plant to maintain pressure.

Wood County: Two POD sites were established in Wood County and [closed on June 24](#).

- POD site: Hawkins Fire Station - 389 Blackburn St, Hawkins, TX 75765
- POD site: Farmer's Market - 200 E Carnegie, Winnsboro TX 75494

Region 5 (Includes DDCs 1, 2, 3, and 7)

DDC 1 – Amarillo (Includes: Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler Counties) DDC EOC is activated to Level II.

Motley County: Lubbock County deployed their Mobile Command Vehicle and Communications Trailer to Matador, Motley County. The fire department's communications repeater is down due to power failure. A Volunteer Reception Center (VRC) and a donation collection point were established at the Morris County Show Barn.

Ochiltree County: Heavy rains have begun to flood the excavation of a new dump site expansion located at the dump. Two 8-inch pumps have been requested to pump out water from the trench.

DDC 7 – Abilene (Includes: Brown, Callahan, Coleman, Comanche, Eastland, Fisher, Haskell, Jones, Kent, Knox, Mitchell, Nolan, Runnels, Scurry, Shackelford, Stephens, Stonewall, Throckmorton, and Taylor Counties)

Fisher County: Submitted a Disaster Declaration on June 22.

Kent County: Kent County has submitted a Disaster Declaration and a Letter to the Governor on June 23.

Stonewall County: Stonewall County issued a disaster declaration on June 22.

RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas Division of Emergency Management, Texas A&M University System (TDEM):

TDEM Communications Coordination Group (CCG): The CCG partners continue to prepare resources to support communications operations / outages that have occurred because of the severe weather.

T-Mobile is in the process of activating WPS and data priority on all the T-Mobile devices that were provided by their Community Support Team to the local Perryton EOC and Mayor's Office. In the city of Lone Star, Morris County, there was a cellular outage impacting Verizon customers. A technician and generator have been dispatched and repairs are underway.

Texas Association of Broadcasters (TAB) is monitoring current situations and has confirmed the EAS Local Primaries (LP1 And LP2) are operational. Confirmation was also given that the local AM/FM station in Perryton is fully operational.

American Tower Company (ATC) has completed enough repairs to allow refueling of the cell tower site. The site never ran out of fuel. However, the site supported multiple cellular carriers, so efforts were made to ensure it was refueled before it ran out. The tower owner and maintenance were prepared to manually deliver fuel if the fuel truck could not safely get to the fuel tank.

TDEM Mass Care:

State Volunteer Agency Liaison (VAL): TDEM has 213 cooling centers across the state and can be found on the TDEM website at: www.TDEM.Texas.gov/cool

Incident Support Task Force (ISTF) staff demobilized three personnel in Region 5, and two personnel from Region 1 on June 23. 3,000 meals were served in Perryton. 2,550 meals were served in Region 1, the last meal was served for dinner on Saturday, June 24. The ISTF staff continue to support locals in Northeast Texas, with damage assessments, volunteer/donation management.

TDEM Recovery: TDEM Recovery is monitoring damage submissions in iSTAT and pSTAT.

As of 8:00AM Saturday morning, there were a total of 2,269 iSTAT submissions with 815 of those reported as destroyed, 494 as major, 589 as minor, and 815 as affected. Additionally, 16 damage submissions have been reported in pSTAT from the city of Perryton with a cost estimate of \$5,342,672.

Affected Texans are being encouraged to self-report any property damage as soon as possible. Texans seeking to submit a damage survey should visit www.damage.tdem.texas.gov. Sharing pertinent details and photos of damage will assist emergency management officials in the preliminary damage assessment process.

As a reminder, reporting damages using the iSTAT or pSTAT is a voluntary activity, is not a substitute for reporting damage to your insurance agency and does not guarantee disaster relief assistance.

Texas A&M AgriLife Extension (AgriLife): Six DAR and CEA Strike Team members continued conducting damage assessments in DDEOC 5. Two DAR agents continued providing DDEOC support to DC5 and DC6. A STAR was received and approved for up to three Extension Agent/DAR Strike Team members to assist with managing donations in Matador. They will begin work on Monday, June 26. [Both DAR Agents conducting DDEOC Support and all DAR Agents and CEA Strike Team members conducting damage assessments in Region 1 were released on June 23 and 24, 2023.](#) Two County Extension Agents assisted with sorting donations on June 24 in Matador.

Texas A&M Engineering Extension Service (TEEX) – Public Works Response Team (PWRT): In Region 1 the PWRT mission in Lone Star and District 5 is complete. The Mayor of Lone Star confirmed that the water line crossing the creek will need to be reevaluated by contractors for possible reconstruction due to changes in the size of the creek and structural considerations unrelated to this incident. Also, confirmed that the wastewater clarifier repairs were completed on Saturday and an extra clarifier arm will be fabricated to be installed at a later date. The plant is operational.

In Disaster District 6: Rusk County: The city of Henderson. Henderson Home Rehab is on generator power with no A/C. The county and city Emergency Management Coordinators (EMCs) are going to evaluate the situation and may need a bigger generator.

Of the six PWRT staff in Region 1, three are demobilized on Saturday and three more on Sunday.

In Region 5, the Perryton Landfill Cell, the north end is at/near finished grade and is the end which is holding water. It will take approximately 9 hours to pump the water out – barring any complications.

Landfill Operations:

Pumping operations began Friday night. Some progress was made, but the water began draining into the cell due to drainage issues with the county ditch. Pumping operations were shut down Saturday morning while the drainage issues are addressed.

Saturday morning the contractor began constructing a berm around the north end of the ditch to prevent water from entering the cell. An alternate location was selected for pumping the water to a point where it can pond without impacting any landfill operations. Pumping operations will resume at approximately 12:00PM Saturday. The goal is to have the cell completed by Monday evening June 26.

Wastewater Operations:

PWRT has assumed full operation of the plant, freeing the Perryton operator for other recovery duties, and will work through end of shift Thursday and demobilize on Friday June 30.

Water Operations:

PWRT is assisting water operations and will work through the end of shift Saturday and demobilize on Sunday June 25.

The Team Lead will work through the end of shift Thursday and demobilize on Friday June 30.

Texas A&M Forest Service (TAMFS): TAMFS, TIFMAS, and AHIMT Resources are engaged and supporting Perryton, Matador, and TDEM Region 1.

Region 1: One Incident Management Team is assigned to TDEM Region 1 to assist with Commodity Distribution, Mobilization Center, and resource tracking of state resources across the region. Two TIFMAS Strike Teams are on scene at the Pittsburgh ICP. Two TIFMAS Water Tenders have moved to the Pittsburgh Mobilization Center. Three TIFMAS Engines are assigned to Matador. Two TIFMAS Engines are assigned to Perryton. All resources aware of and preparing for additional severe weather that may impact the area.

Region 5: One Incident Management Team is on site at Perryton to assist with IAP development, resource management, and establishment of incident objectives from the local stakeholders. One Incident Management Team is assigned to Matador to assist with IAP development, resource management, and establishment of incident objectives from the local stakeholders.

Public Utility Commission of Texas (PUC): Overnight Friday, significant progress on restorations was made, as of 9:30 AM, statewide outages were down to 60,000. By Noon on June 23, ~50,000 outages around the state were centered primarily in Houston Metro. CenterPoint outage totals nearly 36,000 and are expected to make strong progress through the afternoon and evening. Outside of Houston, SWEPCO outages dwindled to fewer than 2,200 in the Northeast of the state. These remaining outages are spread throughout the area of Harrison, Gregg, and Panola counties. SWEPCO has restored more than 95% of its customers following the severe weather events. ONCOR and AEP Texas have largely completed restoration efforts throughout their service territories and are working to complete small numbers of scattered outages. By 2:30 PM, statewide outages totaled nearly 44,000, with ~33,000 of these within CenterPoint service territory.

Texas Animal Health Commission (TAHC): TAHC livestock inspectors remain in contact with local officials onsite and ready to provide support where needed, as assessments continue. ESF-11 is maintaining situational awareness and will continue communicating with partner support agencies to address any reported unmet needs. The TAHC SOC Representative is participating in weather calls, monitoring WebEOC, submitting situational reports, and attending all necessary meetings. [No unmet animal needs for pets or livestock have been reported. All known animal issues are being handled locally.](#)

Texas Commission on Environmental Quality (TCEQ): TCEQ continues to have staff available to respond to drinking water and wastewater issues. Staff are also available to provide technical assistance on temporary debris management operations and review and approve temporary debris management applications.

TCEQ is tracking six drinking water systems that are on a Boil Water Notice (BWN).

TCEQ has approved four temporary debris management sites (TDMS).

Texas Department of Housing and Community Affairs (TDHCA): TDHCA staff and TDHCA-funded community action agency (Panhandle Community Services) both serving at Perryton Community Resource event on June 23-24, 2023, at Perryton High School. Assisting storm victims with filling out applications for assistance with food, gas, clothing, lodging, and rental assistance. Assisting storm victims with hygiene kits, toiletries, and other health services incidentals.

Texas Department of Public Safety (DPS) Texas Highway Patrol (THP): Troopers continue to conduct moving patrol efforts throughout the affected areas to prevent theft and looting. THP is assisting at several roadblock areas. DPS Troopers are also escorting the power companies into the area. Law enforcement will focus on anti-theft prevention and area security through the night hours.

DPS personnel responded to the city of Matador due to the touchdown of a tornado. DPS personnel include seven THP Troopers, one Sergeant, and one Lieutenant. From the Criminal Investigations Division (CID) nine Agents, one Captain. DPS personnel conducted status checks and assessments of damage.

Texas Department of Information Resources (DIR): DIR is continuing to monitor the situation. No request for network or technology has been made at this time.

Texas Department of State Health Services (DSHS): Emergency Medical Task Force (EMTF): As of June 23, - EMTF in Perryton, NE TX, and Matador has had total of: 1,076 encounters, 178 treatments, and 151 transports.

As of 3:00PM June 21, DSHS regional offices are coordinating with local and regional partners to maintain situational awareness and coordinate local resources when available. Coordination with HHSC is ensuring visibility of impacts to long-term care facilities, vulnerable populations, and ESRD facility status.

Other facilities impacted in the Panhandle and NE TX by power outages and minor flooding issues:

Panhandle/Matador: Two Nursing Facilities Impacted: Matador and Kent County have one each facility running on generator power. Power has been restored to both facilities as of June 22, and back to normal operations. Four Intermediate Care facilities impacted: one in Fisher County remains without power. The facility is operating on generator power as of June 23. The generator is powering lights and portable AC units. All residents have returned to the facility. A surveyor will be onsite for monitoring.

Northeast Texas: 25 Nursing Facilities impacted. Power was restored June 23, leaving generators connected to ensure electrical grid is stable. Surveyors are on site continuing to monitor temps. Temps are holding at 70-76 degrees.

On June 24, the Henderson Health & Rehab, Henderson, TX- Facility lost power on June 23 at 8:00PM. Currently, it is not connected to an HVAC system and running on generator. The Facility has obtained port-a-coolers and fans to attach to generator power. The plan is to evacuate in the event internal temps get up to 80.

Groveton Nursing Home, Groveton, TX- On June 24 at 8:30AM lost power. Was running on generator power until 11:09 AM Saturday morning when the power was restored. Currently at normal operations.

Texas Department of Transportation (TxDOT): There are 5 roads impacted by water with one closed due to high water across the state. TxDOT operations in Region 5, Motley County have focused on clearing debris and trees from the roadways and right of ways (ROW). Crews will stand down Saturday and resume operations on Monday. TxDOT continues pumping operations in the Amarillo area. The water barrier was installed to allow for pumping into Playa Lake on the west side of Amarillo on SW 45th. TxDOT crews and equipment are being prepared for the surge to clean up the city of Perryton streets. Approximately 75 pieces of equipment will be delivered on Tuesday June 27. TxDOT crews in Jayton, Roby, and Matador cleared debris, downed trees, and provided traffic control because of Wednesday's storms. TxDOT has been providing traffic control including portable message boards to PODs / local information in Regions 1 & 5. Personnel are staffing the SOC virtually over the weekend.

Texas Health and Human Services Commission (HHSC): HHSC staff are actively monitoring the situation and supporting impacted community members.

Long Term Care Facility Update:

Perryton, TX: Nursing facility and assisted living facility have had power restored.

Matador, TX: Nursing Facilities: back to normal operations.

Intermediate Care Facilities:

One with power restored and residents returning.

Assisted Living Facility: back to normal operations.

Northeast Texas:

25 Nursing Facilities impacted. Power was restored on June 23. Leaving generators connected to ensure electrical grid is stable. Surveyors are on site continuing to monitor temps. Temps are currently holding at 70-76 degrees.

On June 23, the Henderson Health & Rehab, Henderson, TX- facility lost power. Currently not connected to an HVAC system and running on generator power. The facility has obtained port-a-coolers and fans to attach to the generator power. The plan is to evacuate in the event temps get up to 80 degrees.

Groveton Nursing Home in Groveton, on June 24 lost power. Was running on generator power until 11:09 AM Saturday morning when power was restored. Currently at normal operations.

Texas Information and Referral Network (TIRN) 2-1-1 is distributing information about cooling shelters and other related resources as needed.

Texas Military Department (TMD): TMD has activated four Ground Support Units (GSU) with a Headquarters (HQ) Mission Ready Package (MRP), a BMNC, and one Ground Transportation Platoon (GTP) to support the severe weather response affecting the State of Texas. TMD is supporting operations of the 12 Distribution Points.

Volunteer Organizations Active in Disaster (VOAD)

Texas Baptist Men (TBM):

Region 1: Gilmer/Lone Star – IMT, Asset protection, volunteer feeding, chainsaw, heavy equipment, mans-lift, box unit, shower/laundry, and support.

Region 5: TBM continues to support Perryton with feeding, volunteers, a shower/laundry unit, flood recovery, man-lifts, box units, chainsaw crews, heavy equipment, asset protection, and electronic support. They have activated a childcare unit for the Ochiltree Community Resource Center support.

In Matador, they've provided support with an electric service unit and generator and have deployed a shower/laundry unit. TBM has activated a childcare unit for the Ochiltree Community Resource Center support.

American Red Cross (ARC):

The ARC is continuing to provide assistance to impacted families in the Perryton area of the Texas Panhandle. The ARC is coordinating with VOAD partners and government officials at the Resource Center Saturday at the Perryton High School. Disaster Assessment (DA) has been completed and case work is beginning. The ARC has closed the Amarillo shelter and moved clients into other housing solutions.

The ARC is continuing to provide assistance to impacted families in East Texas and has ended community feeding. DA has been completed and case work is beginning. Friday 2,135 meals and 2,145 snacks were distributed.

The ARC is providing assistance to impacted families in Matador. DA has been completed and casework is beginning.

Mercy Chefs: Mercy Chefs provided 3,160 meals on Friday June 23 to the Perryton community while power was restored.

Southern Baptist Texas Convention (SBTC):

Region 1: In Hawkins, a shower/laundry unit with support remains and in Winnsboro a shower/laundry unit with support, utility support unit, and bunk house remain to aid the community.

Region 5: SBTC has continued support of Perryton with a Feeding Unit, Laundry/Shower Unit with support, two crew cooling trailers, an IMT, and recovery unit to aid debris operations.

The Salvation Army (TSA): In partnership with United Supermarkets, TSA provided food vouchers for impacted members of the community. They've also provided emotional support care (ESC) volunteers with 718 emotional support care contacts. To date 811 Meals and 815 drinks.

Minuteman Disaster Response (MDR): MDR deployed resources to Perryton to assist with clean-up efforts.

Texas Search and Rescue (TEXSAR): TEXSAR provided needed assistance with food distribution.

Seasonal Relief Center Map: [197](#) cooling centers have been identified across the state. Cooling center locations are available on the TDEM website at [TDEM.Texas.gov/cool](https://www.tdem.texas.gov/cool).

FINAL COMMENTS: The State Operations Center (SOC) is at Level II (Escalated Response Conditions) as of 8:00AM June 25, 2023. The Texas Division of Emergency Management (TDEM) continues to monitor the situation and will provide additional situation reports as needed.

The four levels of SOC activation are:

- Level I (Emergency Conditions)
- Level II (Escalated Response Conditions)
- Level III (Increased Readiness Conditions)
- Level IV (Normal Conditions)

This Situation Report can be found on the TDEM webpage at:
<https://tdem.texas.gov/situation-reports/>

W. Nim Kidd, MPA, CEM

Chief – Texas Division of Emergency Management
